Overview

The Authorized to Offer AARP Medicare Plans program (A20) recognizes agents who have met and continue to meet all certification standards, demonstrate competency on AARP Medicare Plans insured by UnitedHealthcare Insurance Company (UnitedHealthcare), and continue to serve AARP members' best interests. AARP Medicare Plans includes AARP® Medicare Supplement Plans, insured by UnitedHealthcare

Insurance Company, AARP® MedicareComplete®, insured by UnitedHealthcare, and AARP® MedicareRx Plans, insured by UnitedHealthcare.

The use of the AARP brand in marketing materials alongside an agent's name is a privilege that will raise the bar for "best in class" agents. The program is intended to differentiate A20 agents from the non-A20 agents in the marketplace.

AARP Services, Inc. Agent Visits

All UnitedHealthcare agents who are Authorized to Offer Level 1 or Level 2 are subject to quality-control visits from staff members of AARP Services, Inc. (ASI) Distribution.

The purpose of these visits is to ensure that agents are meeting all code of ethics and other contractual obligations to UnitedHealthcare related to participation in the A20 program for the AARP-branded products.

Each quarter, ASI Distribution staff will contact agents to schedule face-to-face meetings at a mutually convenient time and place. The visits

will typically last about an hour, during which time the ASI staff person will explain their role, ask about the agent's background and solicit feedback about AARP and the AARP-branded products offered through UnitedHealthcare (UHC).

Agents are encouraged to be candid. Agents should also remember to adhere to all privacy and related rules concerning consumers. Should an agent have a concern regarding privacy or any related rules, they should contact their up-line or available UHC resources to address specific issues, as appropriate.

2

Authorized to Offer Levels

The A20 program is split into levels that are defined by underlying requirements. Access to specific types of marketing materials is determined by the agent's A20 level.

An agent with an A20 **Level 1** status has completed at least one AARP-branded certification requirement and meets the quality production minimum by submitting **five (5) commission-eligible, accepted and paid sales of AARP Medicare Supplement Plans and/or Medicare SELECT Plans** with effective dates during the program measurement period that runs annually from January through December.

Agents who have an A20 Level 1 status have access to marketing and enrollment materials for the product(s) they are authorized to offer. Marketing materials may include the AARP-branded product logos on them and come in a variety of formats such as flyers, mailers, ads and letters.

An agent with an A20 **Level 2** status has completed all three AARP-branded certification requirements and has met the quality production minimum of **thirty (30) or more commission-eligible, accepted and paid sales of AARP Medicare Supplement Plans and/or Medicare SELECT Plans** with effective dates during the program measurement period that runs annually from January through December. Agents will also reaffirm their adherence to all contractual provisions and requirements. Once agents meet these requirements, they are invited to take a certification course called "Mature Markets." Upon successful completion of the course, they will be granted Level 2 status. Solicitor agents are not permitted to join Level 2 status.

Agents who have an A20 Level 2 status have access to all Level 1 materials as well as exclusive Level 2 marketing materials. Level 2 marketing materials include a business card with the name or logo of the AARP-branded products on them, web banners, a brochure, a letter of introduction, AARP product-branded thank you card, tent card, name badges, A20 AARP product-branded shirts, personalized promotional items and window cling/signage.

Note: Window clings are mailed to individual agents — they cannot be ordered from toolkit.

Level 2 materials also include AARP Medicare Supplement marketing materials that promote the product, as well as the agent as the local go-to resource for the product. Additional exclusive materials are added on an ongoing basis. Check the newsletters for announcements.

Note: ISR agents may complete the Mature Markets certification course for Level 2 status once they have at least one AARP-branded product certification completed.

Quality Production Minimums

Level 1

From January through December of each year, agents must submit at least **five (5) commission-eligible, accepted and paid sales*** of **AARP Medicare Supplement Plans and/or Medicare SELECT Plans** with effective dates during that year to retain A20 Level 1 status. Agents who fail to attain the quality production minimum will be temporarily de-authorized from offering AARP Medicare Supplement Plans and Medicare SELECT Plans for 60 days.

During the temporary de-authorization period, submitted AARP Medicare Supplement enrollment applications will not be considered commission-eligible. Temporary de-authorization status will be displayed on the certificate page on Jarvis. Agents will be listed as Level 1 status on Jarvis during the temporary de-authorization period.

Active Level 1 agents with 100 or more engaged AARP Medicare Supplement members in their book of business at the end of the measurement period will not be de-authorized.

If an agent does not meet the Level 1 quality production minimums for two consecutive years, he/she will be permanently de-authorized and will not be permitted to offer AARP Medicare Supplement Insurance Plans or Medicare SELECT Plans.

Note: *If you become temporarily or permanently de-authorized from offering the AARP Medicare Supplement Insurance Plans, you may continue to offer other UnitedHealthcare Medicare Solutions products, including the AARP® MedicareComplete and AARP® MedicareRx Plans, insured by UnitedHealthcare Insurance Company, provided you have met all relevant credentialing and certification requirements for those products.*

*Sale must be commission-eligible. Sales that are not paid a commission include AARP Medicare Supplement Insurance Plan members switching from one plan to another AARP Medicare Supplement Insurance Plan, riders and sales to consumers under age 65, where applicable. These sales will not count toward your quality production minimum. See your contract for details. Sale must also be paid with at least one month's full premium paid by the consumer. *Note:* First month's premium payment must be applied to the account by December 31 for the premium to be considered paid.

Level 2

From January to December, NMA and ICA agents who submit at least **thirty (30) or more commission-eligible, accepted and paid sales*** of **AARP Medicare Supplement Plans** with effective dates during that year and are authorized to offer all three AARP-branded products (AARP Medicare Supplement Plans, AARP® MedicareComplete and AARP® MedicareRx Plans) will be invited to move to Level 2 of the A20 program. To be promoted to Level 2, agents must complete one more, short certification course called "Mature Markets." Level 2 agents must maintain the Level 2 production minimum (as noted above) and certification requirements each year from January through December to continue using Level 2 materials.

Active Level 2 agents with 200 or more engaged AARP Medicare Supplement members in their book of business at the end of the measurement period will retain Level 2 status and will continue to have access to Level 2 A20 program materials.

Marketing Guidelines for Level 1 and Level 2 Materials

Agents are prohibited from creating new or altering existing marketing materials for AARP Medicare Plans. **Any material that states the product name or uses a logo for an AARP-branded product in any piece must be approved by UnitedHealthcare (UHC) and AARP Services, Inc., AARP's wholly owned subsidiary and, in some cases, filed with each state and/or the Centers for Medicare and Medicaid Services (CMS) prior to use.** Therefore, you must only use sales and marketing materials provided by UnitedHealthcare to promote AARP Medicare Plans. You must not create your own pieces with the AARP-branded product name or logo. The availability of sales and marketing materials may vary by state and/or county.

The following guidelines apply when using approved marketing pieces:

- For AARP Medicare Supplement pieces, verify that the piece has been approved in the state(s) you would like to market in. If you do not see a state listed in the Toolkit or Sales Materials area of Jarvis, the piece is not approved for use in that state. Check back frequently, as states are added when approvals are received.
- Agents may use the provided marketing materials for their own lead-generating purposes. Leads gathered using higher level marketing materials cannot be passed down to lower level agents. For example, a Level 2 agent may not send out Level 2 mailers and pass along leads to Level 1 agents. The leads must be used for the Level 2 agent only.
- Altering the pieces is prohibited (excluding the editable fields). You must not remove, edit, move or add information to the pieces. You may not make pieces smaller because CMS and each state's Department of Insurance require a minimum font size.
- The pieces must not be used in an e-mail campaign. Exception: E-mail campaigns are permissible with agent recruitment efforts. See approved material on Jarvis and toolkit.

- You may not make cold calls as highlighted in the Branded Products Addendum (Exhibit B) in your contract. This includes any follow up calls to your mail recipients to see if they received your mailer or flyer.

Please note that you only have access to materials for products in which you are fully trained and authorized to offer. Distribution of materials to agents who are not authorized to offer is strictly prohibited. Agents who do not comply may face disciplinary action, including, but not limited to, termination of contract.

A20 Business Card Guidelines

A20 business cards are available to **Level 2 agents**. The A20 business card notifies recipients that the agent listed on the card is an Authorized to Offer AARP Medicare Plans agent.

The following A20 business card titles are required by CMS and UnitedHealthcare:

- ISR agents may use either "Sales Agent" or "Sales Representative"
- ICA agents may use "Sales Agent" or "Independent Sales Agent"
- NMA agents may use "Sales Agent"

The following information is prohibited from the Authorized to Offer business card fields:

- Blog, Facebook, Twitter and other social media URLs
- Business slogans
- Listing/naming offered products
- Business logo (for NMA agents)

Web Banner Guidelines

The A20 web banners are designed to support the marketing efforts of UnitedHealthcare and our **Level 2 agents** who are Authorized to Offer AARP Medicare Plans. UnitedHealthcare has developed correlating guidelines to help agents appropriately communicate the offering to the public and leverage the power of the AARP brand to their best advantage. **Other than the provided web banner, the use of the product name or logo for an AARP-branded product on any website, social media or url is prohibited unless approved by UnitedHealthcare (UHC) and AARP Services, Inc. (ASI) and in some cases, filed with each state and/or the Centers for Medicare and Medicaid Services (CMS) prior to use.**

In addition to adhering to these web-banner-specific guidelines, agents must continue to ensure that all marketing and brand guidelines are being followed.

- Web banners may be placed on the Level 2 agent's or agency's website that is registered with UnitedHealthcare (via the Agent Toolkit). Placement of the web banners should be below the agent's masthead and navigation. We recommend placing the banners on the home page and the agent's products page. Three banner options, varying in size, are available to allow the agent to select the size that best fits their web page.
- Agencies must have at least 60% of agents who are Authorized to Offer Level 2 in order to remain eligible to display the A20 web banner on their website.
- Web banners cannot be re-created, manipulated or changed by the agent. Web banners must be used exactly as provided. Provided link must not be broken and/or redirected.
- No other reference to AARP and the AARP-branded products may be listed or displayed other than those in the provided web banners. Rules for displaying and/or listing the UnitedHealthcare brand are available on Jarvis.
- Level 2 agents must maintain the quality production minimums and certification requirements each year from January through December to be able to display the web banner

on their website. If requirements are not met and an agent becomes Level 1, then web banners will be taken down by the web service.

Window Clings Guidelines

The A20 window cling can be displayed in your storefront window. The window cling will help your customers recognize your status as an agent authorized to offer AARP Medicare Plans, insured by UnitedHealthcare. Window clings are mailed to **Level 2 agents**.

- Artwork was developed by AARP Services, Inc. (ASI) and cannot be re-created, manipulated or changed by the agent. The window cling is 6"x9". The window cling must be used exactly as provided, must be shown in its entirety and must adhere to the dimensions established by ASI.
- The window cling may only reside at Authorized to Offer Level 2 agent brick and mortar office locations where the agent conducts his/her primary business. It is never permitted to be placed or used on agent vehicles, homes or at non-affiliated third party locations.
- At a given location, at least 60% of agents must be Authorized to Offer Level 2 to remain eligible to display the window cling.
- The window cling may never be obstructed nor obstruct other non-affiliated third party offers. Please use best practices by refraining from overlapping or layering the cling with other external signage or communication tools.
- The condition of the window cling must be monitored and maintained. For example, if a window cling is scratched, written on, losing adhesiveness and/or color, it needs to be replaced. Replacement requests can be made through the UnitedHealthcare Producer Help Desk at phd@uhc.com or 1-888-381-8581.

E-mail Signature and Letterhead

All agents are prohibited from using the AARP logo and/or reference to the Authorized to Offer Program and/or their level in any stationery, which includes their letterhead, postcards, e-mail signature blocks, etc.

A20h! Rewards

Level 2 agents can earn points toward cash rewards on commission-eligible, accepted and paid sales of AARP Medicare Supplement Insurance Plans and/or Medicare SELECT Plans with effective dates during the program measurement period of January through December. (This excludes under age 65 applications, riders, and plan changes.)

The program will provide points on an application basis as well as when certain milestones are reached by Level 2 agents. Agents must be contracted, licensed, appointed and authorized to offer AARP Medicare Supplement Plans in the state that the consumer resides for each application submitted.

Agents will start to accumulate points if they are a current, active Level 2 agent or as soon as they have completed the Mature Markets course. The quality production minimum of 30 applications for Level 2 status must be met.

Milestone Bonus Points

Level 2 agents will receive bonus points when they reach 30 and 75 eligible new applications in their book of business for the year. See chart on page 9 for point amounts.

GO! Trip Rewards

Agents qualify for a Sapphire category trip bonus, in addition to their points, when they sell 125 eligible applications within the qualifying period of January 1 through December 31. Agents who are among the top 25 for the qualifying period will be eligible for a higher value trip in the Emerald category. Agents among the top 10 for the qualifying period will be eligible for the highest value trip in the Diamond category. Eligible agents may select a trip of lesser value if they choose.

Trips will be awarded annually in February. Agents must redeem for their trips within the calendar year of being awarded. Eligible agents will be contacted with instructions on how to redeem their trip. Agents can explore the GO! trip options at www.engagengo.com/unitedhealthcare54239.

Point Redemption

Points will automatically be redeemed and paid out to the writing agents once a year in January, following the end of the production measurement period. Level 2 agents will receive a monthly email statement that summarizes sales count and accrued points.

Point and travel expiration

Points and trips are valid as long as an agent is contracted, licensed, appointed and authorized to offer AARP Medicare Supplement Plans. Points and travel rewards expire if an agent no longer has active writing status during the program measurement period (voluntary or involuntary).

Exclusions

Applications for members residing in Minnesota, North Dakota, West Virginia and Washington are not currently eligible to count towards points or trip rewards.

Status

Agents can view their Authorized to Offer (A20) status on Jarvis under Manage Your Account in the Personal Information section after they've searched for their name or agent ID. See the field "A20 Level" to view your current A20 level. To check your status, please go to www.uhcjarvis.com.

Point Distribution:

Point value = \$0.05/per point • Maximum points cap = 150,000 (annually)

Application Count**	Milestone Bonus	Point Category	Points per application	Potential Points		Payout Amounts	
				Minimum Cumulative	Maximum Cumulative	Minimum Cumulative	Maximum Cumulative
1 - 29*	N/A	Base	100	100	2,900	\$5	\$145
30 - 74	3,000 points	Silver	250	6,150	17,150	\$308	\$858
75 - 124	6,000 points	Gold	400	23,300	43,150	\$1,165	\$2,158
125+	Trip Rewards	Platinum	600	43,750	150,000	\$2,188	\$7,500

*For existing Level 2 agents only. Not applicable for Level 1 agents.

**Once the quality production minimum of 30 applications has been met for Level 2 status.

All trips and payout amounts are subject to applicable taxes. UnitedHealthcare Insurance Company has an obligation to report the fair market value of the trip and the payout amount on each agent's 1099 form. Points and trips are nontransferable and the trip value cannot be redeemed for cash.

NMA, IMO and ICA writing agents are eligible for this program. Solicitors, ISRs, eAlliances and telesales agents are not eligible. UnitedHealthcare reserves the right to revise the A20h! Rewards rules or terminate the program at any time without notice.
